To,
The Principal
Murari Chand College
Sylhet.

Subject: **Proposal for a 6-Month Business Development Internship Program.**

Dear Sir,

I hope this letter finds you in great health and spirits. On behalf of Leadswin Limited, I am excited to propose a 6-month Business Development **Internship Program** for university students, designed to equip them with essential corporate skills and real-world business exposure.

In alignment with our vision of **Education to Employment** and our 4IR Readiness Initiative, this internship program will provide students with **corporate grooming, business development skills, and entrepreneurial insights** to enhance their career prospects. Through hands-on experience, structured training, and industry mentorship, students will gain practical sales, marketing, and strategic business growth knowledge, preparing them for successful careers in the modern job market.

We believe this collaboration will create a valuable learning bridge between academia and industry, fostering career readiness, innovation, and employment opportunities for students. The program also offers **certifications and potential career placements** within Leadswin and its partner organizations.

We would be delighted to discuss this opportunity further and explore ways to integrate this initiative within your university's academic and professional development framework. We look forward to your positive response and the prospect of working together to empower future business leaders.

Thank you for your time and consideration.

Sincerely,

Raihan Nobel
Managing Director
